

FROM QUOTE TO FINISHED GUTTERS

Know what happens before you approve.

One whole-home scope. Cleaning before guards. Payment after installation.

Stainless-steel mesh and aluminum edges on a real Clean Pro installation.

1 Review your quote

Your personalized quote shows the whole-home guard scope, measured footage and total at \$22.50 per foot. Review the product photos and coverage, then approve through the quote when you want to proceed.

2 Coordinate a date and access

Clean Pro coordinates scheduling with you. Tell us about locked gates, access restrictions, pets and any dates we should work around. Your installation date is confirmed through the scheduling process.

3 Prepare the gutters and install

Installation includes cleaning the gutters, removing existing guards, and fitting Clean Pro Guard. Conditions that need correction are discussed before proceeding. Gutter repairs or replacement are separate from the guard quote.

4 Review the finished work

You pay after installation. Commercial projects follow the payment terms in the proposal. Keep your quote and coverage information, and contact Clean Pro if you have a question about the finished work.

Ready to proceed? Your personalized quote has the scope, total and approval step. No quote yet? Call 877-736-0586 or [request your price at cleanproguttercleaning.com/quote](https://cleanproguttercleaning.com/quote) →

Protect the gutters you already have.

Use this page when comparing offers or talking the decision through with someone else.

The product

Stainless-steel mesh with aluminum edge bands, installed on compatible existing gutters. It is designed to keep leaves and larger debris above the gutter while letting water through.

The price

\$22.50 per foot for whole-home guard installation. Your quote has your home's measurement and total. Gutter cleaning, removal of existing guards and installation are included.

The maintenance

Periodic topside maintenance is still needed. Surface leaves and debris should be cleared so water can reach the mesh. Guard installation does not repair an existing gutter or roof problem.

The coverage

Lifetime material coverage, a covered no-clog commitment requiring periodic topside maintenance, and one year of installation workmanship coverage. Residential protection transfers with the home; commercial coverage follows the installation. Read the coverage guide and applicable terms.

The people

Clean Pro has worked in gutter services since 2001. Local independent providers install the guards. Contact Clean Pro for scheduling, installation questions or coverage concerns.

The payment

You pay after installation. Financing through Wisetack. Three to sixty months, up to \$25,000. 0% APR is available up to 24 months for qualified customers — most approvals land between 8.9% and 35.9%. Checking your options takes about a minute and does not affect your credit score.

Before installation day

- ☐ Confirm the installation arrangements with Clean Pro.
- ☐ Share access instructions and keep pets away from the work area.
- ☐ Tell us about known gutter damage, roof restrictions or drainage concerns.
- ☐ Raise any question about scope or separate repairs before work proceeds.

Questions worth resolving before approval

Does the quote cover the whole home as intended? Is the product right for the debris around your property? Do you understand the remaining maintenance and the different coverage provisions? Is there a schedule or access issue the team should know?
