

BEFORE YOU COMPARE QUOTES

Start with what goes on your home.

See the product. Compare the installed scope. Understand the care and coverage.

A real Clean Pro Guard installation. Stainless-steel mesh with aluminum edge bands.

\$22.50 per foot

Whole-home Clean Pro Guard installation on compatible existing gutters. Includes gutter cleaning, removal of existing guards, and installation. Repairs are separate. You pay after installation.

Financing through Wisetack. Three to sixty months, up to \$25,000. 0% APR is available up to 24 months for qualified customers — most approvals land between 8.9% and 35.9%. Checking your options takes about a minute and does not affect your credit score.

Keep debris above the channel

The mesh is designed to keep leaves and larger debris out of the gutter channel while water passes through.

Use the gutters you already have

Clean Pro Guard fits compatible existing gutters. A damaged gutter or drainage problem needs its own assessment.

Your home's scope and total are in your personalized quote.

[Get your price →](#)

Steel and aluminum. No plastic frame.

304 stainless-steel mesh held by aluminum edge bands. Water passes through the mesh, not around a hood.

Know the maintenance

Periodic topside maintenance is still needed. Leaves or debris on the surface can keep water from reaching the mesh.

Different designs. Different buying decisions.

Compare the exact product in each quote. Material, water-entry design and replacement scope are more useful than a shared “gutter guard” label.

Product	Construction	The difference
Clean Pro Guard	304 stainless-steel mesh with aluminum edge bands. Water passes through mesh. Installs on compatible existing gutters.	Whole-home \$22.50/ft scope; cleaning, existing-guard removal and installation included; periodic topside maintenance.
LeafFilter	Stainless-steel mesh with a uPVC frame.	Both use stainless-steel mesh. Clean Pro uses aluminum edge bands; LeafFilter uses a uPVC frame. Then compare installed scope and written warranty.
Leafguard	A one-piece gutter replacement system with a hood that directs water around its curved surface using liquid adhesion.	Leafguard replaces your gutters and sends water around a hood. Clean Pro Guard goes on your existing gutters and lets water through the mesh.
Gutterglove products	Micro-mesh products; the manufacturer also offers a brush for clearing surface leaves, needles and debris.	Finer mesh still collects surface debris; Gutterglove offers a brush for it. Clean Pro Guard also needs periodic surface clearing. Check the exact model quoted.

Four questions for every installer

1. **What product is in this quote?** Ask for a real close-up and an installed example.
2. **What does the total include?** Compare the same footage, cleaning, removal, installation and any repairs.
3. **What care will remain?** Ask how surface debris is handled and how it affects coverage.
4. **What is covered, and who handles service?** Read the material, log and workmanship provisions separately.

Clean Pro's coverage, at a glance

Lifetime material coverage; a covered no-clog commitment requiring periodic topside maintenance; and one year of installation workmanship coverage. [Read the coverage guide and applicable terms.](#) Residential protection transfers with the home; commercial coverage follows the installation.

Sources checked October 8, 2026: Clean Pro Guard Installation Guide, p. 1 (304 stainless, 0.99 mm aperture, aluminum edge bands); LeafFilter construction ([leaffilter.com/email-engineered-to-protect](#)); Leafguard design and replacement scope ([leafguard.com/how-it-works](#)); Gutterglove products and surface brush ([gutterglove.com/products-and-technologies](#)). Product differences do not establish comparative lifespan or storm performance. Compare current written offers for price and coverage. Financing: All financing is subject to credit approval. Your terms may vary. Payment options through Wisetack are provided by our lending partners. For example, a \$1,200 purchase could cost \$104.89 a month for 12 months, based on an 8.9% APR, or \$400 a month for 3 months, based on a 0% APR. Offers range from 0–35.9% APR based on creditworthiness. State interest rate caps may apply. No other financing charges or participation fees. See additional terms at [wisetack.com/faqs](#).
